Supplemental Private Lessons- \$20-\$30 per lesson

Please consider private lessons a vital part of the band program! Lessons may take place at school either before or after school or during your child's band class or advisory time. Think of a private lesson as a personal training session. Using our personal trainers will enhance your student's music experience and increase their competitive edge. It is preferred that you rent a USED instrument and take private lessons than to have a "SHINY" new instrument without lessons.

All instruments go home on Fridays for weekend practice.
